

Safety for passengers thanks to LaneLED INOX42

Illuminated handrail at St. Margrethen station

Customer/installation engineer: Political municipality St.Margrethen/GIFAS-ELECTRIC GmbH

Requirement: Overpasses/Bridge

Solution: Illuminated handrail INOX42

Article: 214830/197821/214829/205784

Quantity: stairs: 2×15,2m LaneLED INOX42
Overpasses: 2×91 m LaneLED INOX42

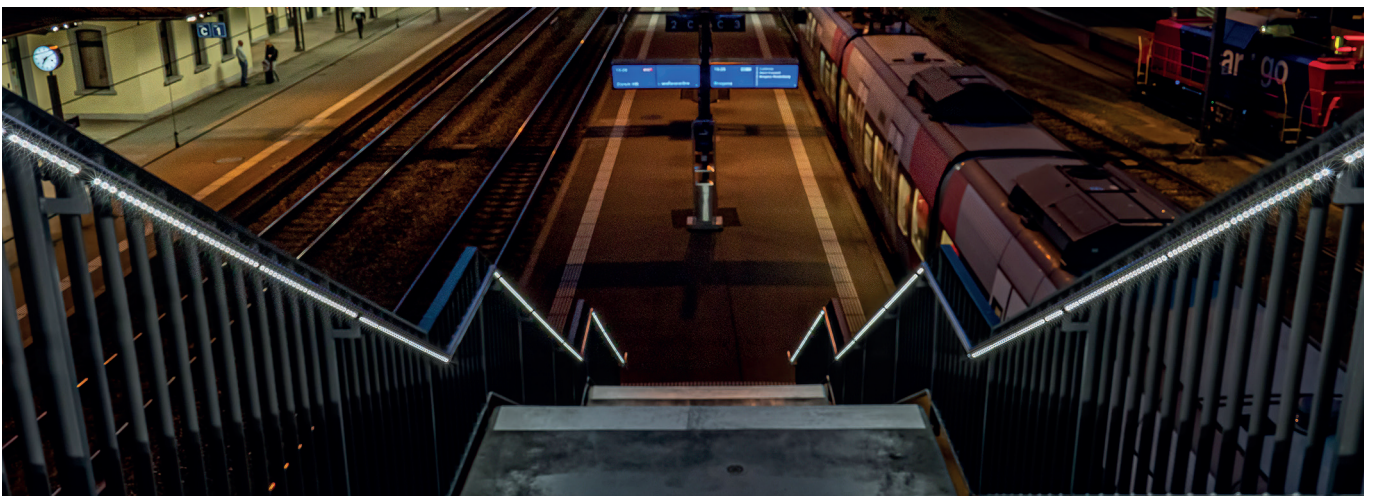

Areas of application: Terrace railing, underpasses and overpasses in railway stations, escape route and emergency staircases, decorative applications in office or exhibition wings, hotels and restaurants, staircases, private and public pathways

Starting situation

The stairway access to platforms 2 and 3 as well as the overpass were newly illuminated with our LaneLED INOX42, in order to give passengers the necessary safety. Thanks to the illuminated handrail, the bridge has become very clear and the safety and well-being of passengers is therefore guaranteed.

Customer benefits

- fall protection
- attractive accent lighting
- solid stainless execution in V4A
- durable high-quality component parts
- maintenance- and service-friendly
